

# RISK MANAGEMENT

## training by

### AIM

This training is aimed to help notified bodies deal with new risk management requirements in their assessments when conducting conformity assessment and to develop alignment between notified bodies in our approach to risk management assessment. This will be supported by focused discussions during the cases study sessions.

The following topics will be covered: regulatory requirements, standards to be followed and risk management conformity assessment.

### WHEN ?

First 2 sessions 2020:  
Monday, December 14th  
Tuesday, December 15th
